

FAQ

Question – can more than one application be made if an organisation/ individual has multiple projects planned?

Answer – During this initial launch of the fund, there is no reason why an organisation/ individual cannot make more than one application within each funding round. However, to ensure fairness and equity in distribution of the fund where the total amount of successful applications in any round exceeds the threshold of €250,000 the following will apply.

- Any successful second application from an organisation/ individual will be deferred until the next funding round when the grant will be made.
- The next round of applications is expected to open towards the end of the current year.
- We will continue to monitor the process and can change the guidelines in future.
- Please ensure your mark which application is your priority if submitting more than one proposal
